

Application No.: 10/617,786
Amendment dated: December 23, 2004
Reply to Office Action of: August 3, 2004

AMENDMENTS TO THE ABSTRACT:

Please amend the abstract as follows:

A detachable bicycle is disclosed. The bicycle comprises a front frame section comprising including a joint tube at a rear end of the crossbar[[;]], a rear frame section comprising including a sleeve extended forward, obliquely from the bottom bracket for receiving a lower portion of the down tube, and a seat tube extended upward from the bottom bracket to have its upper portion inserted into of the joint tube wherein the seat tube is substantially perpendicular with respect to the down tube[[;]], and a seat post inserted through the joint tube and into the seat tube. The seat post and the seat tube are secured to the joint tube by means of a first quick release and a second quick release respectively two quick releases. The down tube is also secured to the sleeve by means of a third quick release.
